Written comments or requests for a public hearing should be submitted to the Chief, Endangered Species Division, Office of Protected Resources.

SUPPLEMENTARY INFORMATION: CDWR and CSU request permits under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-227).

CDWR (P599) requests a 3-year permit to collect non-lethal fin tissue samples from juvenile chinook salmon for genetic research. The goal is to develop a technique to distinguish between California's Central Valley chinook races in a mixed-stock population, particularly winter-run, based on an analysis of the nuclear DNA material from the fin tissue samples. CDWR will obtain juvenile fish from the U.S. Fish and Wildlife Service and the California Department of Fish and Game, agencies that are authorized to capture and handle listed fish under separate authorizations. CDWR proposes to anesthetize the juvenile fish, excise a 1 mm² piece of caudal fin tissue using disinfected stainless steel scissors, allow the fish to recover from the anesthetic, and release the fish back into the watershed.

CSU (P600) requests a 3-year permit to assess the use of the non-natal rearing habitat in the Central Valley by juvenile chinook salmon, specifically the small, intermittent tributaries. This knowledge may be important to protecting listed fish populations since many of the smaller tributaries are being degraded. CSU proposes to capture listed juveniles with a nylon seine, anesthetize the fish, obtain biological information, allow the fish to recover from the anesthetic, and release the fish into the habitat from which they were captured.

Those individuals requesting a hearing (see **ADDRESSES**) should set out the specific reasons why a hearing on either application would be appropriate. The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in these application summaries are those of the applicants and do not necessarily reflect the views of NMFS.

Dated: November 8, 1995.

Committee for the Implementation of Textile Agreements

November 7, 1995.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

Dear Commissioner: This directive amends, but does not cancel, the directive issued to you on March 15, 1995, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns imports of certain cotton, wool and man-made fiber textile products, produced or manufactured in Guatemala and exported during the twelve-month period which began on January 1, 1995 and extends through December 31, 1995.

Effective on November 15, 1995, you are directed to adjust the limits for the following categories, as provided under the provisions of the Uruguay Round Agreements Act and the Uruguay Round Agreement on Textiles and Clothing:

Category	Adjusted twelve-month limit ¹
340/640	1,197,756 dozen.

¹ The limits have not been adjusted to account for any imports exported after December 31, 1994.

The guaranteed access levels remain unchanged.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Shipments of Cotton, Wool, Man-Made Fiber, Silk Blend and Other Vegetable Fiber Textiles and Apparel in Excess of Agreement Limits

November 8, 1995.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Notice.

FOR FURTHER INFORMATION CONTACT: Ross Arnold or Janet Heinzen, International Trade Specialists, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4212.

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

It has come to CITA's attention that some textile and apparel products may be shipped in excess of 1995 limits with the expectation that they will be entered and charged against the limits of the 1996 quota year. This notice serves to remind interested parties that charges against the limits subject to U.S. bilateral agreements, the Uruguay Round Agreements Act and the Uruguay Round Agreement on Textiles and Clothing (ATC) are by date of export and not date of entry. Shipments made in one year in excess of agreed limits are in violation of the terms of the agreements.

It has been the practice of the Committee for the Implementation of Textile Agreements (CITA) to charge merchandise exceeding the limit(s) established for one quota period, if entered or withdrawn from warehouse for consumption, to the limit(s) established for the immediately subsequent quota period. The purpose of this notice is to advise the public that CITA reserves the right under the bilateral agreements, the Uruguay Round Agreements Act and the ATC to deny entry permanently to goods which have been overshipped, or to allow entry and charge to the following restraint period merchandise exported during a prior quota period which

exceeds the restraint limit(s) established for that period.

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.
